

Center For Urology
2615 Culver Road, Suite 100
Rochester, N.Y. 14609
(585) 336-5320

SURGICAL PROCEDURE:

Partial Cystectomy

DISCHARGE INSTRUCTIONS:

- 1) No strenuous activity at all !
ie. = no exercise, no lifting, shoveling or sports, no sex, no grass mowing,
no riding on a lawn mower. ----- walking is allowed (slowly).
- 2) You will have a catheter in your bladder when you leave the hospital.
You will be instructed on how to empty the bag, and switch from leg bag to overnight
drainage bag.
- 3) Take your pain medication as needed, but realize that this medication can cause
constipation and it therefore may be advisable to take a laxative.
- 4) Avoid driving a car for the first two weeks.
- 5) You may shower, but do not sit in the tub for extended periods of time.
- 6) Do not pull on or apply traction to the catheter (tube). It will be removed in the doctors
office.
- 7) Continue to take your routine medication unless your doctor has advised you differently.
- 8) Call your urologist for and appointment. S/He will want to see you in 1 week.

CALL YOUR DOCTOR:

If you develop fever or chills. If the catheter stops draining.
If you develop bleeding or increased redness at the incision or if it opens up.
